

## Geonica becomes Senseca from January 2026

Dear valued Customer,

As you may already know, Geonica was acquired in October 2024 by Senseca, a market-leading company in sensor technology for industrial applications and environmental monitoring. This strategic move has strengthened our capabilities and opened new opportunities for innovation.

We are now entering the next phase of integration: GEONICA, S.A. will be rebranded as SENSECA SPAIN, S.A.U., starting 1 January 2026.

These changes reflect our commitment to a unified global presence and to delivering even greater value through shared expertise, innovation, and sustainability.

What implications does that have for our collaboration?

### 1. Company name

**GEONICA, S.A. will become SENSECA SPAIN, S.A.U. as of 1 January 2026.**

### 2. Contracts and business conditions

All existing contracts, general terms and conditions, bank details, and terms of sales and delivery remain valid and unchanged under the new company name.

### 3. Orders

All orders for delivery in 2026 (and beyond) that were placed by GEONICA, S.A., will be automatically transferred to SENSECA SPAIN, S.A.U. and will remain fully valid and binding under the new legal entity.

### 4. Tax ID number

The rebranding does not affect our VAT or tax identification numbers. You may keep them unchanged in your systems: ES-A28363364.

### 5. Change of fiscal address

Please note that as of 1 January 2026, our fiscal address will change and will be:

**Calle Electrónica 51, 28923 Alcorcón, Madrid, Spain.**

### 6. Contact people

Your current contacts will remain available to you as before. You will continue to work with the same trusted experts.

We will communicate any additional legal or administrative updates in due course. Our goal is to ensure a smooth and transparent transition while continuing to deliver the high-quality service and support you rely on.

We thank you for your continued trust and partnership and invite you to visit our website at [www.senseca.com](http://www.senseca.com) to learn more about our unified brand and expanded capabilities.

Best regards,

Senseca Spain, S.A.U.
